The **MESSAGE** Board

An 8-part web series about a theatre message board.

written & directed by John Raymond Barker

Debuts May 8, 2009

with new episodes every Friday in May & June
on the YouTube channel, JerbyVids.

The Message Board is an 8-part web series about Broadway Universe, a theatre web site where different people can come together to chat about Broadway, divas, cabarets, chorus boys, politics, internet addiction, gay marriage, religion, sex, suicide and anything that crosses their minds. Perhaps that ranting theatre queen or *Wicked*-obsessed teen will become your new BFF or your next worst enemy? Maybe that anonymous, alleged "hot chorus boy" will become the love of your life? You'll never know until you log in. Chat! Debate! Have a meltdown! LOL!

The cast includes Broadway actress Caroline Clay (*Doubt* (also First National Tour for which she won the Helen Hayes award for Best Supporting Actress), *Come Back Little Sheba*, *Drowning Crow* and featured roles in the upcoming films, *Everybody's Fine* starring Robert DeNiro and *Holy Rollers* starring Jesse Eisenberg), Margaret Curry (National Tour of *Church Basement Ladies*, Off-Broadway's *Fascist Living*, *The EC*, and *Fools in Love The Musical*), Mark Eugene Garcia, Jason Barker, T.J. D'Angelo (National Tours of *Wizard of Oz*, *Singers in the Band* and *Some Enchanted Evening*), Julia Frey (*Between Something and Nothing*), Tim Howard, Molly Moore Lehmann, Jared R. Pike, Paul P. Robilotto, Scot Wisniewski ("Prop 8 The Musical" at *Defying Inequality*), and a cameo by Michael Buckley (*What The Buck Show*, *Minisode Maniac*, E!'s *The Daily 10*).

The web series includes music from Omari Tau (currently touring in *Disney's The Lion King*), Velvet Chain (*Buffy the Vampire Slayer*), The Randy Bandits, Prez Powerz, Casanova Jones, Jacob Langfelder, and NYTX.
